THE COUNCIL FOR TOBACCO RESEARCH-U.S.A., INC.

July 31, 1974

Grant application No. 843A

CARDIOVASCULAR

To: The committee comprising Drs. Bing, Feldman, and Sommers (informational copy for Dr. Meier)

Subject: J. Alan Herd, M.D. (formerly A. Clifford Barger, M.D.)
Harvard Medical School, Boston
Continuation application No. 843A
"Behavioral Hypertension and Arteriosclerosis in the Squirrel Monkey: Effects of Nicotine and Carbon Monoxide".

History

The preceding grant, entitled "Behavioral Hypertension and Arteriosclerosis: Effects of Nicotine and Carbon Monoxide" under the direction of Dr. A. Clifford Barger, is now in the final year of a three year program, with a level of support of $50,000 per annum.

Request

Application No. 843A requests $50,966 plus two additional years. As this request is for "continuation", it competes on the same basis as a new application.

Documents Submitted (attached)

1. Letter from Dr. Herd dated July 25, 1974.

2. Application dated July 17, 1974.

Comment

As suggested by Dr. Hockett, we enclose a copy of "The Physiology of Strong Emotions" by J. A. Herd: the 16th Annual Bowditch Lecture, 1971.
